E-MAIL INFORMATION CARD

Campers have access to computers (for the purpose of sending e-mails) every day at free time. The most common reason why parents don't receive an e-mail sent by a camper is that the e-mail was mis-addressed. If your child is unfamiliar with sending e-mails, have him or her practice reading the e-mail address off this card and typing it in on a computer, prior to coming to camp.

Please remember that many campers are so busy having fun that they don't stop long enough to send e-mails. Be sure to let your child know if you expect to be e-mailed. You can also tell your child's cabin counselor at drop off time, so that we will give reminders.

List e-mail addresses that campers may send e-mail to: (Please print neatly)

E-mail Address	Person's name

Anyone wishing to send e-mails to a camper must do so through **Bunk 1**. (See **Parent Handbook for information**). We will **not** hand out e-mails sent to campers through Director@BearRiverRanch.com
