

CUB CREEK SCIENCE CAMP

**April
2010**

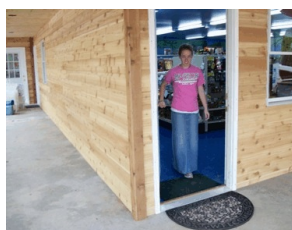

PAW PRINTS

The Trading Post

This month the trading post has gone from a slab of bare concrete to a finished store. We are excited to be able to offer this to our campers and parents this year. There are many new and exciting books, toys, gifts, projects, novelties and snacks that have been added. We now will be able to deliver "care packages" to the campers straight from our own store!

New Addition

The monkey family is growing. We now have four marmosets. Mocha is almost as big as his mother although he still tries to jump on and ride with the new baby. Here Miley is cuddling the infant that was born March 30th 2010.

Spring is in the Air

Babies, Babies and more babies

Ringneck Parakeets

Baby chinchilla with Daddy

Parakeet family

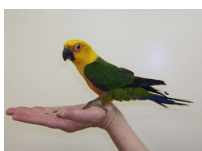

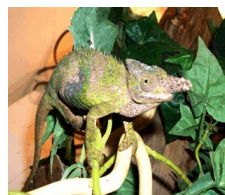

Wallaby baby "Kanga"

Baby Degus

New animals

We now have a couple of Chameleons, a Sunday Conure and a pair of Calabar Pythons, aka "Two headed Pythons"

Camp starts next month!

We are so excited and ready to see all of our campers and parents. If you haven't registered call the office to see if we can still get you in. There is still space in the first and last weeks of camp and a few spaces in the middle.

Call the office at 573-458-2125 if you have any questions.
